Xerox® DocuMate® 3220g

Increase productivity and set your data free

- Low-cost, advanced color scanner
- Fastest scanner in its class, 23 ppm / 46 ipm
- Robust full version software bundle, no lite versions here
- Flexible. Flatbed or ADF scanning, no need to pick one or the other
- OneTouch scanning to PDF, just one touch to your destination
- Kofax® VRS™ technology for image enhancement
- PDF and Searchable PDF file creation
- Easy operation front panel buttons
- Hi-Speed USB 2.0 connection = plug in and scan

Xerox® DocuMate 3220g

No longer is information held captive on paper. The Xerox® DocuMate 3220g is a next generation duplex scanner that combines an A4/US Letter sized flatbed and 65-sheet* capacity ADF (Automatic Document Feeder) to create an entry level scanner with all the best features of higher-end products. It can easily support the scanning needs of individuals in small and home offices or workgroups in the corporate world. Installation is as simple as inserting one DVD-ROM disc and connecting the scanner to a host PC via a high-speed USB 2.0 cable.

The Xerox® DocuMate 3220g includes a powerful and robust productivity software bundle that provides all the tools for a document centric professional who needs to better organize, manipulate and communicate paper in their business. Scan checks, documents, business cards, credit cards, photos or thick card stock with one touch simplicity. The Xerox® DocuMate 3220g front panel provides simple single button control for at-device scanning to any of 9 preset and up to 99 completely customizable OneTouch scan profiles.

The DocuMate 3220g fits vertical and horizontal markets with ease. Any business or individual that needs to get better control of its paper volume will benefit from this scanner. Real estate, insurance, education, financial services, retail, healthcare offices will be impressed with the Xerox® DocuMate 3220g's ability to capture, share and securely process a variety of documents including plastic cards, photos, receipts, handwritten notes as well as laser-quality business documents.

The DocuMate 3220g can be used for personal finances, organization, document archiving, backup, sharing documents by email or network, collaborating with a group, reusing text from a printed document into your own electronic document without retyping, etc. There is almost no limit to the ways you can be more productive and organized.

Bundled software includes PaperPort®, OmniPage® Pro, Visioneer OneTouch® with Kofax® VRS™ technology and TWAIN/WIA drivers that provide compatibility to hundreds of applications. Easy-to-use Visioneer OneTouch makes scanning with one button simple. Press a button on the front panel and your document is scanned, OCR'd and delivered to any of 9 preset destinations or up to 99 customizable profiles (email, folder, printer, or any other application or device). These advanced features and scanning software would cost significantly more money if purchased separately, but are included in this high productivity package, ready to go.

Xerox® DocuMate® 3220g

Visioneer® OneTouch®

Visioneer OneTouch is an easy-to-use utility that connects the DocuMate scanner buttons with powerful scanner settings to greatly improve the efficiency of your workflow—so that with one touch, the document is scanned automatically to email, or Microsoft® Word, or your printer, or simply a file folder.

In addition to scanning direct to all popular destinations, Visioneer OneTouch also links the DocuMate 3220g with industry-leading document management software such as Microsoft Sharepoint®, DocuWare® and Xerox® DocuShare®—forming an easy-to-use workflow from paper to a selected destination. A Software Development Kit (SDK) is also available which provides the ability to develop specific links and integrate them into the Visioneer OneTouch control panel quickly and easily.

Kofax® VRS™ technology

Visioneer OneTouch with Kofax VRS technology is an integrated software solution that combines the ease of Visioneer OneTouch scanning, with the superior image quality achieved with Kofax VRS. Kofax VRS is an award winning, patented technology that automatically insures the best possible image quality and OCR accuracy for scanned document images. As pages pass through the scanner, VRS performs a multipoint inspection of each document, instantly checking and adjusting alignment (skew), brightness, contrast, and image clarity.

Nuance® OmniPage® Pro

Provides a precise OCR and layout retention solution, quickly turning scanned documents into editable, formatted text. The text can then be used in virtually any word processing, desktop publishing or web publishing program.

Text Searchable PDF

Transform volumes of paper or photos into organized, keyword-searchable digital files that can be quickly found, used and shared. This provides additional archival benefits beyond traditional storage, and the widely accepted PDF format lets everyone view and print documents—on any computer.

Nuance PaperPort®

Millions of professionals rely on PaperPort to save time and money by transforming paper documents into searchable digital documents. PaperPort combines the efficiency of document management, the convenience of superbly scanned documents and the power of creating PDF files, to bring a new level of operational proficiency to your organization.

Minimum System Requirements

PC

- Intel® Pentium® 4 or equivalent
